A. M., which has jurisdiction over the motor races. Heagren declares that the motor-paced race is a bicycle race and that the N. C. A. which has centrel over the bicycle races, assumes jurisdition. Under the Salt Palace sanction, Heagren claims that he has a right to put on a motor-paced race.

While William D. Rishel, acting representative of the F. A. M., would not say, what action, if any, would be taken by the F. A. M., it is understood that the mational officers have been informed of the infringement and asked to render a decision. In all probability, Whittler, who will give pace, will be ruled off the motordrome if he takes part in the race. Lawson, who beat Clarke in two match races teaming with McFarland, will be pulled by Pye to-night. His backers expect to see him win from the Australian. The amateurs will ride in an Austra-lian pursuit race and a two-mile open lan.

SHERIDAN WILL CANVAS COUNTRY FOR UMPIRES

Shoridan is to hold forth in a new role from new on, according to the league executive. In a way the veteran will serve as chief of umpires and at the same time travel around the country in quest of new and promising talent rumpires.

Learbiter staff in this league this year has suffered the loss of two officials and President Johnson proposes to invest Sheridan with the power to hunt up new timber.

SHERIDAN STARTS TRAINING FOR CHAMPIONSHIP

New York, July 29.—Martin Sheridan of the Irish-American Athletic club, has started active training for the annual all-round championship of the Amateur Athletic union, which is scheduled to take place at Chicago the latter part of next month.

The big champion was undecided for some time as to whether he should enter the event this year, but his friends prevailed upon him to make the effort and he has now made positive announcement to the effect that he will compete. Sheridan says that he is really in no condition to enter the contest, as he has not trained for months, so that he will have his work cut out for him if he desires to again carry off the honors.

If Joe Horner, the Michigan star, gets back from Europe in time to compete in the event. Sheridan believes that he will be up against the best all-round athlete he has ever met. Horner is not only a star shot putter and all-round weight man, but he is also one of the best hurders and sprinters in the country. Eliis H. Clark, the athlete from Boston, will also be on deck and try to win the event again. Clark won the event a couple of times in the 80 and the only man who consistently defeated him was Sheridan.

JOHNSON INVESTIGATING SIGN-TIPPING STORY

Chicago. July 29.—President B. B. Johnson of the American league, will have an interview tomorrow with Manager Hugh Duffey of the Chicago Americans, regarding the sign-tipping story which emanated from the New York American grounds.

"I sim still convinced there is nothing to this yarn about the signals," insisted President Johnson yesterday, "but the charges said to have been whispered around the league must be probed. I am for clean baseball first, last and all the time, and the persons who have set up such claims must prove their assertions. I have asked Manager Duffey of the Chicago Americans to appear in the league hendquarters Saturday and if at the conclusion of the interview I feel warranted in further purbulag my investigation I shall summon Ed Walsh, the pitcher, into the conference."

The letter which Thorntey sent to Kelsey-Glows:

Jear Mr. Kelsey-After carefully looking over the articles of alliance between the N. C. A. and the F. A. M., which you kindly furnished me some contents ago, I would like to say that the only tening over the statement and agreement in this alliance is the agreement to uphold each other's suspensions. As I told you at that time, this was perfectly satisfactory to me and that I had no option in the matter in any case. The recent trouble in Salt Lake Oity had developed a situation and condition of affairs which requires, in my opinion considerable further adjustment, and agreements between the N. C. A. and the F. A. M. These agreements should be in writing full and definite and should have the approval of the president and the sanction of both organizations. I would like to say right here that personally I a in favor of reciprocity in the matter of exhibition riding and pacing for motorcycle and bicycles indiscriminately either under your sanction or ours. Where there is any competition or exhibition under your sanction or ours. Where there is any competition with the hotorcycles alone or motorcycles pacing bicycles, sanction should be obtained from this organization also. In default of any definite understanding on this point I shall require in the future that every motorycle exhibition shall have the sanction from this organization should be in the sanction of the provisions heling carried out. I am sincerely yours.

SALMON MIGRATE TO SOUTHERN WATERS

Portland, Or., July 28.—Light has been thrown on the migrations of the Columbia river salmon along the Pacific coast in a curious way. A fish recently taken near Portland by fishermen for a packing company had a large steel hook fastened to its cheek and a short piece of line attached. The hook was of a peculiar pattern and caused considerable speculation. Local authorities decided the hook is a handmade affair, of Mexican or Indian handlwork, although there is an English company that turns out a hook similar to it. None of the manufacturers in this country make anything like it. The line itself is of fibre reinforced with twine and pleated in a style that indicates it is Mexican work. It is supposed the fish picked up the hook on the Mexican coast, biting at a troll, and breaking the fisherman's line.

Salmon usually return to their native streams to spawn. Where they go in the meantime has always been a mystery. This incident seems to show that the young fish from the northern rivers, or at least some of them. turn south after they get big enough to travel. Portland, Or., July 28.-Light has been

and pained him intensely. Condon advised Keller not to fight any longer.

Intil Keller's jaw was broken the men did very little damage to each other and they fought cautiously waiting for a chance to send in a blow which would win the fight. Thomas, who in his day, was a better fighter than he is now, showed superior ring generalship and fought better coming out of the clinches, landing his most effective blows.

Keiler forced the fighting most of the way and in several rounce outpointed his man. In the II rounds that were fought, however, neither fighter developed much of a punch. Tom Painter of Evanaton refereed the fight, and only once or twice had trouble in separating the men. The arena was filled with a fair crowd of prize fight fans, many of them coming from Salt Lake. The Salt Lake fans, who made the journey to Ogden, were disarrounted and declared that it was a tame affair as long as it lasted neither fighter showing any speed. As usual there were about a dozen challenges made to the winner Jim Flynn, the Denyer fireman, wants a match and Young Peter Jackson, the negro, also issued a challenge.

Eddie Webber was given a decision over Eddie Mathewson by Hardy Downing, the referee, which made the crowd declared it ought to have been a draw. Battling the six row—th and the crowd declared it ought to have been a draw. Battling Hobbrook was knocked out in the second round in the first pre-iminary by Kid Rose of Salt Lake.

The champion will sail for London one ween from Monday, where he is scheduled to open a theatrical tony which will run for 40 weeks and which includes every country in Europe. He will not engage in a single fight on the tour.
